Hello Attorney Stephens,

[Redacted]

I still wanted to reach out to you and say thank you for helping my mom with her custody case. I'd like you to know I've lived a very happy and fulfilling life and was adopted by my (now and the only father I've ever known) at age 6. Thank you for serving in such an emotional sector of law and fighting for children who deserve a happy life as you did for me. You are truly making a difference int his world.
